

HIV Self-Testing at AIDS 2016: A Road Map

MONDAY, JULY 18

Satellite Sessions

Time & Location: 10:15 - 12:15, Session Room 9

Session: Clinical Models of HIV Care for Adolescents, International AIDS Society

- 11:35 | *Community-based HTC and self-testing: uptake of mobile clinics (teen truck) and HIV self-testing devices among adolescents in South Africa*, Linda-Gail Bekker, Desmond Tutu HIV Centre, South Africa

TUESDAY, JULY 19

Poster Presentations (see sidebar for details)

WEDNESDAY, JULY 20

Oral Presentations

Time & Location: 11:00 AM – 12:30 PM, Session Room 6

Session: Innovations in HIV testing: The first 90

- 11:00 | *Acceptability and preferences for HIV self-testing in Zambia: a population-based formative study using a discrete choice experiment*, Arianna Zanolini, American Institutes of Research, Zambia
- 11:15 | *Benefits and adverse outcomes of HIV self-testing among high-risk MSM in China: an implementation perspective*, Yilu Qin, UNC Project China, China
- 11:30 | *"Not without us...": views on the introduction of HIV self-testing among health care workers providing integrated HIV and sexual and reproductive health services*, Claudius Madanhire, Centre for Sexual Health and HIV AIDS Research, Zimbabwe

Workshops

Time & Location: 11:00 - 12:30, Session Room 9

Session: Innovations in Testing and Approaches

- Robert Matiru, UNITAID, Switzerland
- Dorothy Mbori-Ngacha, UNICEF, Nigeria
- Rachel Baggaley, WHO, Switzerland
- Badara Samb, UNAIDS, Switzerland
- John Nkengasong, CDC, United States

Satellite Sessions

Time & Location: 18:30 – 20:30, Session Room 4

Session: When the Rubber Meets the Road: Moving Self-Testing from Theory to Reality for Africa, PSI & STAR Consortium Partners, WHO, UNITAID

- Video Presentation on HIV Self-Testing in Malawi, Robert Matiru, UNITAID
- *The Potential for Community-Based HIVST: Results from STAR Implementation in Malawi and Zimbabwe*, Karin Hatzold, PSI
- *Designing Safe, Acceptable and Appropriate HIVST Interventions for Female Sex Workers*, Frances Cowan, University College London, United Kingdom
- *The Evolving Market for HIV Self-Testing*, Petra Stankard, PSI
- *Building a Supportive Policy Environment for HIV Self-Testing*, Yogan Pillay, National Department of Health South Africa, South Africa

POSTER PRESENTATIONS

Investigating feasibility and acceptability of a rapid HIV self-testing device in adolescents and young adults, Philip Smith, Desmond Tutu HIV Centre, South Africa **(TUPEE449)**

Can 'late-read' of self-test devices be used as a quality assurance measure? Results of a pilot HIV self-test project in Zimbabwe, Yvonne Mavengere, Centre for Sexual Health and HIV/AIDS Research, Zimbabwe **(TUPEE636)**

Acceptability of woman-delivered HIV self-testing to the male partner: a qualitative study of antenatal clinic-linked participants in Blantyre, Malawi, Augustine Choko, Malawi Liverpool Wellcome Trust Clinical Research Programme, Malawi **(TUPED429)**

What do key stakeholders think about HIV self-testing? Analyses of quantitative and qualitative findings from a Canadian national survey, Nitika Pant Pai, McGill University, Canada **(WEPEC168)**

Provision of oral HIV self-test Kits triples uptake of HIV testing among male partners of antenatal care clients: results of a randomized trial in Kenya, Anthony Gichangi, Jhpiego, Kenya **(WEPEC218)**

Is HIV self-testing acceptable to key populations in Vietnam? Results from a cross-sectional study of men who have sex with men, female sex workers and people who inject drugs, Kim Green, PATH, Viet Nam **(WEPEC152)**

Understanding coercion in the context of semi-supervised HIV self-testing in urban Blantyre, Malawi, Wezzie Lora, Malawi Liverpool Wellcome Trust, Malawi **(WEPED293)**

- Civil Society Perspectives on HIVST in Africa: A Panel Discussion
- Donors and UN Agency Perspectives on HIVST: A Panel Discussion

THURSDAY, JULY 21

Satellite Sessions

Time & Location: 18:30 - 20:30, Session Room 6

Session: What it Takes to Make HIV Self-testing a Global Reality: Evidence, Quality-assured Products and Country Uptake, World Health Organization, PATH, LINKAGES/FHI 360, PSI

- *HIVST and key populations: global overview, normative guidelines and recommendations*, Rachel Baggaley and Cheryl Johnson, WHO
- *WHO/UNITAID landscape analysis, WHO prequalification assessment of RDTs for HIVST and the role of post-market surveillance*, Anita Sands and Robyn Meurant, WHO
- *In the hands of the community: Accelerating key population-led HIV lay and self-testing in Viet Nam*, Kimberly Green (PATH) and Huong Phan Thi Thu (Viet Nam Administration of AIDS Control)
- *Getting to the first 90: offering HIVST to key populations in Thailand*, Nittaya Phanuphak (Thai Red Cross) and Matt Avery (FHI 360)
- *Getting HIVST right: Results from Zambia Clinical Performance Study STAR Project*, Karin Hatzold (PSI) and Helen Ayles (Zambart, LSHTM)
- *Ahora e Agora: HIVST to reach young men who have sex with men (MSM) in Brazil*, Beatrice Grinsztejn and Raquel de Boni, Fiocruz Brazil
- Donors and UN Agency Perspectives on HIVST: A Panel Discussion

FRIDAY, JULY 22

Oral Presentations

Time & Location: 11:00 - 12:30, Session Room 12

Session: Testing Times- Interventions to Improve Rates of HIV testing

- 11:15 | *Access to HIV self-testing doubles the frequency of HIV testing among gay and bisexual men at higher risk of infection: a randomised controlled trial*, Muhammad Shaid Jamil, University of New South Wales (UNSW), Australia
- 11:45 | *Promoting male partner and couples HIV testing through secondary distribution HIV self-tests: a randomized trial*, Kawango Agot, Impact Research and Development Organization, Kenya

Satellite Sessions

Time & Location: 07:00 - 08:30, Session Room 13

Session: Evaluating the Impact of HIV Self-test Availability on Testing Uptake: Results from Kenya, International Initiative for Impact Evaluation (3ie)

Networking Zone

Time & Location: 19:00 - 21:00, Networking Zone

Organizers: Civil Society in Europe – The Euro NGO Networking Zone on HIV, AIDS Action Europe (AAE), European AIDS Treatment Group (EATG) and the East Europe & Central Asia Union of People Living with HIV (ECUO).

Session Objectives: to provide space for linking, learning and networking; to provide room for civil society organisations working on ad hoc statements, calls or press releases; to inform about the situation in Europe and Central Asia both in general and key population related; to inform about specific challenges and about good practice in the WHO European Region and to bring together science, community, private and governmental sector in order to discuss specific issues like home and self-testing, community based voluntary counselling and testing, affordability of medicines, PrEP and the implications of treatment as prevention among other issues.

POSTER PRESENTATIONS

What role does HIV self-testing (HIV-ST) have for men who have sex with men (MSM) in the UK? Testing needs, social norms and biological citizenship, Charles Witzel, Sigma Research, United Kingdom **(WEPEC223)**

Can women safely distribute HIV oral self-test kits to their sexual partners? Results from a pilot study in Kenya, Kawango Agot, Impact Research and Development Organization, Kenya **(WEPEC228)**

Acceptability of human immunodeficiency virus self-testing as a screening strategy in Beitbridge District, Zimbabwe, 2015, Tsitsi Patience Juru, University of Zimbabwe **(WEPEC206)**

Home testing for HIV succeeds in reaching first-time and infrequent testers in the Netherlands: results of the HIVTest@Home trial, Jannie van der Helm, Public Health Service of Amsterdam, Netherlands **(WEPEC210)**

Systematic review on HIV self-testing (HIVST) performance and accuracy of results, Cheryl Johnson, WHO **(WEPEC207)**

Acceptability, feasibility, and preference for HIV self-testing in Zimbabwe, Sue Napierala Mavedzenge, RTI International, USA **(WEPEC209)**

Formative research to develop HIV self-testing intervention among networks of men in Dar es Salaam, Tanzania: a mixed methods approach, Suzanne Maman, University of North Carolina, USA **(THPEE568)**

Assessing the concordance of supervised self-testing using an oral fluid-based HIV rapid testing method among pregnant women in rural India, Archana Sarkar, Mahatma Gandhi Institute of Medical Sciences, India **(THPEC260)**

The social context of HIV self-testing: a global qualitative evidence synthesis, Yilu Qun, UNC Project China, China **(LBPE021)**

Community-based distribution of HIV self-test kits: results from a pilot of door-to-door distribution of HIV self-test kits in one rural Zimbabwean community, Euphemia Lindelwe Sibanda, Centre for Sexual Health and HIV/AIDS Research, Zimbabwe **(LBPE041)**
